Important

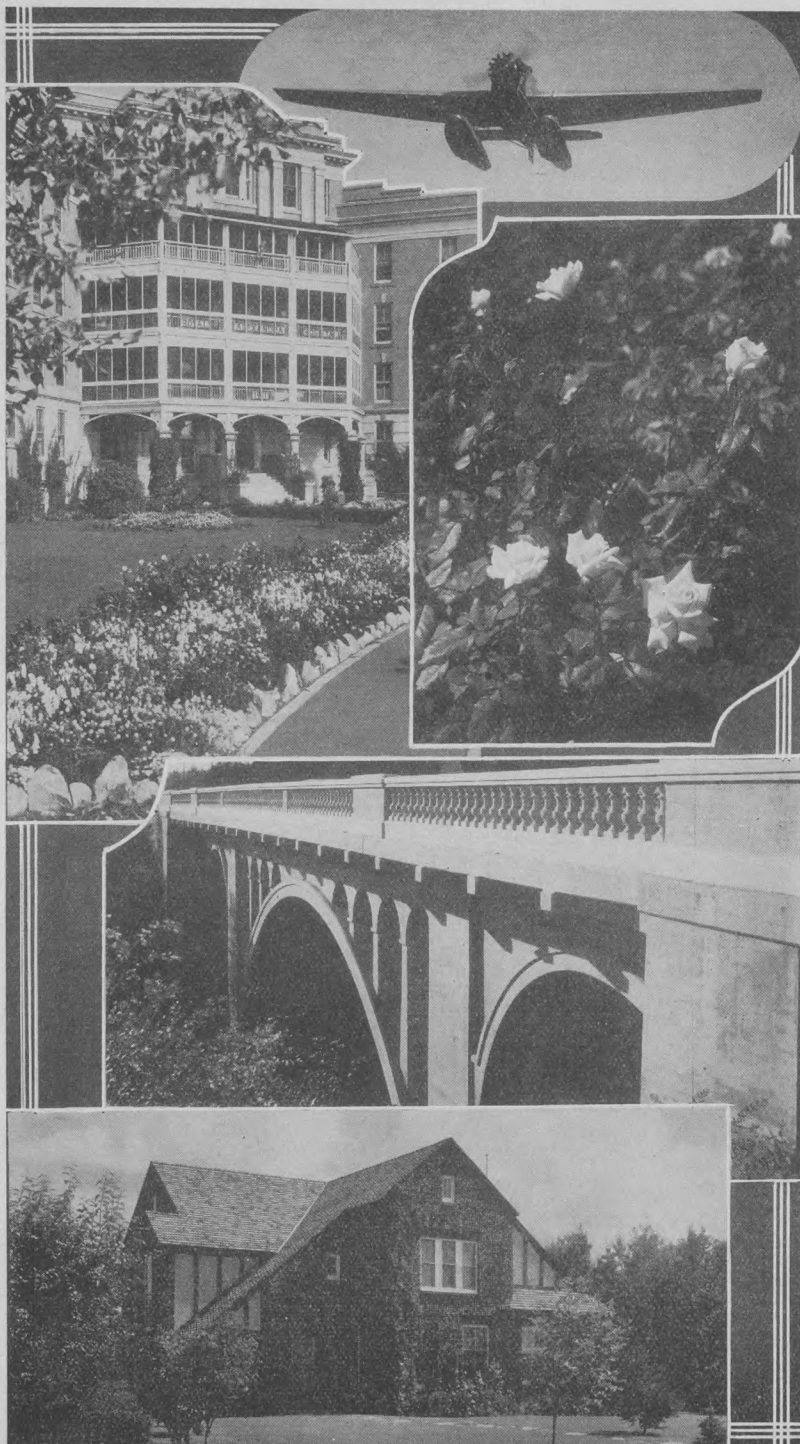

♦ ♦

THE Business and Professional men, whose names appear herein, have gone to considerable expense in publishing this booklet, so that they can place before you a convenient and reliable Directory for your requirements and professional appointments.

We would suggest that you keep this Booklet in a convenient place, as we know you will have occasion to refer to it many times each day during the year.

You will find it will save considerable time and inconvenience, everything you are liable to need being alphabetically arranged. Any business extended by telephone or through the mail will be greatly appreciated and will receive prompt and personal attention.

YOUR HEALTH

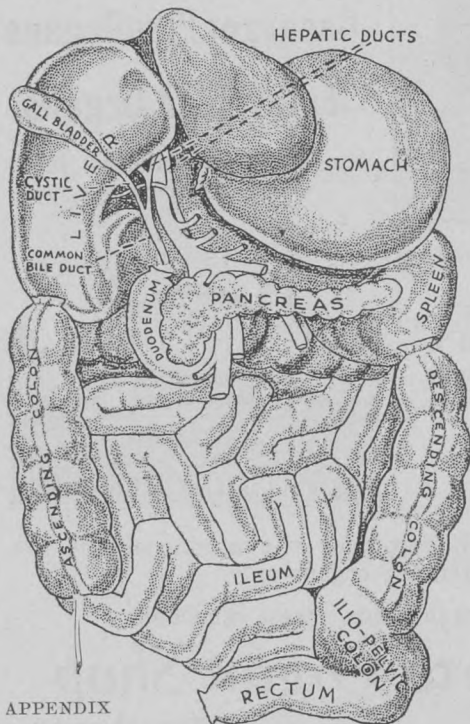

THE OSTEOPATHIC PHYSICIAN USES:
X-RAY, DIET, LABORATORY TESTS, BLOOD
PRESSURE TESTS, ETC.

**OSTEOPATHY, DIETING and SHORT WAVE
METHODS are the Most Effective in the Treatment
of the Following Diseases:**

Obesity, Rheumatism, Nervous Breakdown, Sci-
atica, Neuritis, Headache, High Blood Pressure,
Indigestion, Constipation, Appendicitis, Asthma,
Stomach Ulcers, Gall Stones, Bright's Disease,
Disorders of Women and some cases of Cancer,
and some forms of Insanity. Occasional cases
only, require surgical treatment.

UNITED STATES PRESIDENT'S APPROVAL

In a bill passed by both Houses and signed by
President Coolidge before he left, the White
House, is the following paragraph: "The degrees Doctor of Medicine and Doctor
of Osteopathy shall be accorded the same rights and privileges under govern-
mental regulations." In May, 1938, President Roosevelt gave Osteopaths full
Physicians' rights under the National Labor Security Act.

APPENDIX

In the June number of the
American Magazine, in the ar-
ticle captioned "Diagnosing
the Doctors," the following
quotation from a recent state-
ment made by Dr. Richard
Cabot, Dean of Clinical Medi-
cine in the great Harvard Medi-
cal College of the U.S.A., and
renowned as the greatest liv-
ing diagnostic specialist in
America, is used as follows:
"THE GREATEST CURSE IN
MEDICINE IS THE CURSE
OF THE UNNECESSARY OP-
ERATION, and there would be
fewer of them if the doctor got
the same salary whether he op-
erated or not."

"STRENGTH IN UNITY"

This is a correct diagram of
the vital internal organs. To
remove one of these parts
weakens the functioning power
of the whole chain of organs,
or machine.

"A chain is only as strong
as its weakest link."

Ultra Short Wave Electronic
treatment and adjustment of
parts of body affected stop all
types of PAIN, except that due
to cancer and similar condi-
tions, quickly and permanently.
Drugs do not, because they fail
to strike at the cause; drugs
only relieve for a few hours,
then PAIN again.

RATES: Cash \$2.00 - \$2.50
per treatment.

ULTRA SHORT WAVE OR ELECTRONIC THERAPY

...Dr. Mather Thompson, Lon-
don, England, Member National

Pensions Board, says: "I sought every possible means to determine whether these
methods were consistent. I went to San Francisco, U.S.A. All is true. This method
of treating disease is fifty years in advance of our time."

DR. R. C. GHOSTLEY

OSTEOPATH AND FOOD SPECIALIST

Member of College of Physicians and Surgeons of Alberta.

Rates: Cash \$2.00 and \$2.50 per treatment.
